

BIZERBA

... closer to your business

Ceraclean®
The essence of purity ...

A cut above in the most diverse disciplines ...

... Manual safety slicing machines GSP H Series

GSP H

- Large capacity thanks to broad carriage
- Transparent finger protection for a clear view during slicing
- Fewer corners, edges and large radii make cleaning fast and easy
- Optimally sealed against water and dirt
- Large, user-friendly remnant holder
- Unique design ensures minimal end-pieces and maximum product yield
- Removable, dishwasher-proof sharpener for greater safety and hygiene
- The ergonomic design sets standards in safety, yield, hygiene and durability as well as reducing the total cost of ownership

- Large finger protection for maximum safety
- All-round blade protection during cleaning
- Patented carriage locking system

Additional safety features:

- Off-switch integrated in the control knob for slicing thickness, blade-off and machine block when blade is open (optional extra)
- Juices are channelled to drain
- Premium quality gravity slicer with ergonomic carriage position for ease-of-use (even with difficult products)

Options:

- **Ceraclean®**
The essence of purity...
- Gravity-feed slicing carriage
- Lockable produce-fixing handle
- Carriage versions:
 - 0° (together with 350 blade maximises opening for product)
 - 18° L, 25° L, 25° H
- Blade
 - **Ceraclean®**
The essence of purity...
 - Perforated blade (for cheese)
 - Toothed blade (for bread)
- Lifting grip
- Comfort package
- Vegetable holder
- Tomato straight-edge
- Product attachment

Single-phase alternating current

- Voltage: 230 V
- Frequency: 50 Hz
- Input current: 1.79 A
- Power input: 0.36 kW

Three-phase alternating current:

- Voltage: 230 V/400 V
- Frequency: 50 Hz
- Input current: 1.2 A/0.68 A
- Power input: 0.31 kW
