Blow the dust away ...

... AD compressed air for sensitive parts

Not all machine parts are easily accessible. And not all parts are sturdy enough to survive cleaning by hand without sustaining damage. Bizerba offers an optimal solution even in cases like these: AD Compressed Air Cleaner for sensitive components.

**Flexible to reach the tiniest corner**

AD Compressed Air is just the right thing to remove dust and loose dirt. Thanks to its narrow flexible nozzle it even reaches places that are hard to access. It is the ideal cleaning expert for extra sensitive components. Available in 400 ml aerosol cans.

**Perfect highlights:**

- Gentle cleaning of sensitive components
- Powerful dry air jet
- Non flammable substances
- Leaves no residue

**Order Number: 94008900168**
