Cleanness makes for safety ...

... TFT/LCD Cleaner for workplace
disinfection and hygiene

Touchscreens and monitor workplaces are subjected to continuous stress and require professional cleaning. Since there are frequent changes of operating personnel working on equipment, and touchscreens are used by many end-consumers in the self service sector, regular and thorough cleaning is vitally important.

The Bizerba TFT/LCD Cleaner not only provides a generally clean hygienic look, it also acts as a disinfectant. With sensitive surfaces such as touchscreens, displays and monitors, it leaves no smears and prevents infection from micro-organism at the same time. An impressive result follows every use: a feeling of total cleanness and safety.

Meets extreme hygiene demands

The TFT/LCD Cleaner is available in the form of an ozone friendly pump spray in a 200 ml bottle. When applied using the practical microfibre cloth it leaves monitors and displays perfectly clean and also removes bacteria, viruses and microbes thanks to its disinfectant effect.

Benefits at a glance:

- Cleans gently and thoroughly
- Suitable for all screens
- Easy and effective to use
- Disinfectant effect
- Very economical to use
- Supplied with microfibre cloth
